Escort Service

One of the best ways for Meharrians to stay safe is to take advantage of the escort service offered by campus security from dusk to dawn seven (7) days a week.

This service is convenient, free and a great alternative to walking alone at night.

While the escort service is designed with students in mind, faculty and staff working on campus after hours are encouraged to utilize this service for their safety.

Escorts are generally provided in a variety of ways; by foot, golf cart, or campus vehicle.

Escorts are available to and from all campus buildings, vehicles, parking lots, Lot-K Garage, residential buildings and campus parking lots.

If you are parked in the garage or at a surface lot please give your location and vehicle description to help us locate you.

Simply dial (615) 327-6254 or (615) 327-6290 to request a ride and be prepared to show your MMC identification card when the patrol officer arrives.
