### **Biography**

Dr. Millard D. Collins is an Associate Professor and Residency Director for the Department of Family and Community Medicine at Meharry Medical College. There he works to guide postdoctoral educational opportunities and foster strong clinical skills development. He currently serves as a clinician in Meharry's Family Medicine Centers, at the Tennessee State Veterans' Home in Murfreesboro, and as an adjunct faculty member of Medicos Para La Familia in Nashville. His commitment to high quality education, community development, and access to care for underserved populations is evident in his work at Meharry and with many community organizations, and has been recognized by several awarded honors and academic excellence society inductions.
