• Eight degree programs: M.D., M.D./Ph.D., M.D./M.S.P.H., D.D.S., D.D.S./Ph.D., Ph.D., M.S.P.H. and M.H.S.
• Health Policy Certificate through the Robert Wood Johnson Foundation Center for Health Policy at Meharry Medical College
• Multiple accreditations: Southern Association of Colleges and Schools Commission on Colleges (SACSCOC), Liaison Committee on Medical Evaluation (LCME), Commission on Dental Accreditation (CODA), and Council on Education for Public Health (CEPH)
A National Treasure

Meharry Medical College was founded just 11 years after the end of the Civil War with the mission of educating African Americans to serve the underserved. Today, the nation’s largest private, historically black academic health science center has trained thousands of health care professionals. Four out of every five Meharryians return to urban or rural communities to serve others by providing medical or dental services. Our faith-based roots within the United Methodist Church inspire us to respect and serve all. Our standards are high within an educational environment that is nurturing. We believe that health equity is key to alleviating suffering. Whether our graduates are physicians, dentists, scientists, professors or public health professionals, the Meharry experience equips them to affect the world as a force for change led by our motto: “Worship of God Through Service to Mankind.”
